

# BRIEFING NOTE

BFI EXTERNAL AFFAIRS – 2021

UPDATED 30 JUNE 2021

## Travel Advice for Cannes 2021

This briefing is to help industry professionals who are planning to visit the Cannes Film Festival – 6-17 July 2021. It is taken from guidance on the Gov.uk sites, from the French Government sites and other trusted sources. The guidance is accurate as at the date of the document, but it is subject to change at very short notice. We will update it as frequently as possible.

The UK is currently on France's 'amber' list. Likewise, France is on the UK's 'amber list'.

### UPDATE: 30 June

The Cannes Film Festival and Marché du Film have negotiated a quarantine exemption for those NOT yet fully vaccinated. This is ONLY available to those who have Marché or Festival accreditation. If you qualify it will mean you no longer have to self-isolate for 7 days after arrival. Once you are accredited the Festival will send you the necessary documents you need. See below for details

### PREVIOUS UPDATES:

We've changed the link to the '[déclaration sur l'honneur](#)' that you need to complete for travel to France (see advice below). Note: You may need to scroll down below the world map to see the filters that steer you to the right page ('travel to/from an amber country'; and enter Metropolitan France)

If you are traveling to France you may be asked at the border to prove that you have confirmed accommodation, a return ticket or the means to purchase one, sufficient resources for your stay, and health insurance. For more details see [here](#). Note: if you are staying in a private residence your host may need to complete what's called an *Attestation d'Accueil* - see [here](#).

Healthcare cover abroad: if you still have an existing EHIC card (European Health Insurance Card) it will remain valid until it expires, then you can apply for a new UK EHIC. See [here](#) for more information. Note: It should not be regarded as a substitute for travel insurance.

## **If you are fully vaccinated**

### **Travelling from the UK to France**

If you are fully vaccinated you do NOT need to have an essential reason to travel to France and you do NOT need to self-isolate on arrival.

However, you DO need to be able to present the following:

You can find the statement template [here](#). You may need to use filters to take you to the right forms (see update box above)
3. Proof of vaccination status – eg a copy of your NHS vaccine letter or other communication, or a certificate if issued; also acceptable is the NHS app that demonstrates your status. Appointment cards should NOT be used as proof
4. It is important you also [read this page](#) on the French Government site and in particular the section at the end where it gives guidance on proof of vaccination – just to double check

NB: According to the UK Gov.uk site, you should not use the NHS testing service to get a test in order to facilitate your travel to another country. You should arrange to take a private test from a [private coronavirus testing provider](#).
