

CreateCentral

Home of original storytelling

Create Central is a new private sector trade body in the West Midlands at the centre of the UK. Our members are the region's most successful TV, film, games and wider creative content business leaders.

With funding from the British Film Institute (BFI) we work with national partners to create an agile and responsive network to turbo-charge the creative content sectors in the heart of the UK.

Create Central is run BY industry FOR industry – working closely with national agencies like the BFI and Creative UK amongst others, public sector organisations and the many agencies working in the innovation and tech space.

The heart of the UK is fast becoming an international hub for film, TV and innovation. Peaky Blinders creator Steven Knight's Digbeth Loc. studios will welcome the MasterChef family of programmes in 2024 and Create Central is actively looking for international partnerships that will further develop the region's rapidly growing creative clusters.

If you would like to arrange a meeting at Cannes please email suzie.norton@createcentraluk.com
